### CANADA'S FOREST FIRE HORROR HAS COST MANY LIVES

Latest Estimate 500 Perished  
in Conflagrations of  
Northern Ontario

### QUEBEC SENDS AID TO VILLAGES STILL FLAMING

Several Faraway Sections Not  
Heard From; Whole Fam-  
ilies Wiped Out

(Associated Press by Federal Wireles)  
TORONTO, Canada, Aug. 2.—Frag-  
mentary news from refugees who have  
fled from a tremendous blackened fire  
zone in northern Ontario indicate that  
the most destructive forest conflagra-  
tion in the history of the Dominion has  
been raging for days and is still  
doing much damage.

The refugees estimate that at least  
500 people have lost their lives in the  
fire-swept zone. Many were trapped  
inside the burning circle and could not  
escape as the tide of flame swept  
through the thick timber and under-  
brush.

Many women and children and some  
entire families are among the per-  
ished. Some were smothered in caves  
whither they had fled for refuge. From  
several far away sections no reports  
whatever have been received.

Despatches say that the villages of  
St. Anne de la Pocatiere, Quebec,  
have sent fire fighters as well as re-  
lief supplies for the destitute and suf-  
fering.

(Associated Press by Federal Wireles)  
QUEBEC, Canada, Aug. 2.—The  
fire at St. Anne de la Pocatiere has  
destroyed the convent there. The  
fire at this point is now extinguished.

### Port Safeguards Won't Be Dropped, Honolulu Assured

McClellan Cables From Wash-  
ington That San Francisco  
Only to Modify Examinations

(Special Star-Bulletin Cable)  
Washington, D. C., August 2.  
Chamber of Commerce,  
Honolulu.

Quarantine examination coastwise  
vessels from Hawaii suspended at  
mainland ports. Examination all ves-  
sels arriving Hawaii ports continued.  
McClellan.

This cablegram, coming today from  
the Chamber of Commerce repre-  
sentative at Washington, George M.  
McClellan, brought relief to federal  
and territorial health authorities, as  
well as the chamber.

A few days ago news despatches  
from San Francisco indicated that  
the application for a suspension of  
coastwise examination of vessels from  
Hawaii was being considered. It was  
suggested that it appears either that  
the San Francisco U. S. public health  
service officials misinterpreted the  
order they received—relating to the  
examinations at that port—or that  
the order has been modified because  
of Honolulu's strong protest against  
any lowering of safeguards at this port.

"From our standpoint the situation  
is satisfactory," said Secretary Brown  
of the chamber this morning. "If  
they wish to eliminate the examina-  
tion of vessels arriving at San Fran-  
cisco from Hawaii, this is all right  
so far as we are concerned."

### WILSON STANDS PAT ON SUFFRAGE

(Associated Press by Federal Wireles)  
WASHINGTON, D. C., Aug. 2.—  
President Wilson has not changed his  
position on the woman suffrage ques-  
tion, his secretary, Joseph P. Tumulty,  
announced today. The president  
still stands committed to the declara-  
tion that this is a matter for each  
state to dispose of for itself. Can-  
didate Hughes yesterday came out in  
favor of the suffrage amendment to  
the Constitution.

### Stuart Letter Of Resignation Slow

(Special Star-Bulletin Cable)  
WASHINGTON, D. C., Aug. 2.—The  
resignation of Circuit Judge Stuart  
has not yet been presented to the  
president. Senator Shafter did not  
call at the White House today with  
the letter of resignation, which is in  
his possession.

### Employers to Oppose Union Lawlessness

Big Strike of Cafe Employees  
Precipitates "Open Shop"  
Controversy; Building Trade  
Affected.

(Associated Press by Federal Wireles)  
SAN FRANCISCO, Cal., Aug. 2.—  
Five indictments were returned in  
quick order today against five labor  
union leaders or sympathizers, charged  
with murder in connection with the  
bomb explosion during the prepared-  
ness parade, which resulted in the  
death of seven people.

The five indictments are against  
Warren K. Billings, Edward Nolan,  
Thomas Mooney, Mrs. Thomas Moon-  
ey and Israel Weinberg. The latter, a  
jittery driver, is charged with having  
aided the bomb men to escape after  
they had planted their explosive.

The coroner's jury yesterday  
brought in a verdict that the dead  
men and women were the victims of a  
bomb "placed with criminal intent."

SAN FRANCISCO, Cal., Aug. 2.—  
As a result of the "open shop" agi-  
tation among employers and the strike  
of cafe workers and resultant lockout  
of others, 17 downtown cafes have  
either closed or are running under the  
"open shop" system. Pickets are  
swarming everywhere. Between two  
and three thousand more workers  
went out today and more are expect-  
ed. The dairy lunches and big hotels  
are not affected.

Building Trades Affected  
SAN FRANCISCO, Cal., Aug. 2.—  
War has been declared upon the  
"closed shop" by the Building Trades  
Employers' Association, which is sup-  
ported in its struggle by the commit-  
tee on law and order of the Chamber  
of Commerce.

The formal declaration was made  
last night when the association issued  
a statement declaring that hereafter  
the rule of the "open shop" will pre-  
vail on all structural iron and steel  
jobs and in the structural steel indus-  
try under the control of the organiza-  
tion.

The committee on law and order  
followed the association's statement  
with another, in which it was declared  
that the committee will lend the  
operators every assistance in the  
maintenance of law and order through-  
out the city.

SHANGHAI, China, Aug. 2.—Revo-

damage to property is not known.  
The attack was the result of the

troops when called for by federal service.

cruiser St. Louis, Lieut. Comdr. Victor S. Houston, was due to pay an offi-

nouncement was made that a syndicate has been formed which has sub-  
mitted an offer to take at par such portion of the company's treasury stock

basis of one to 20, on or before August 15.

WOULD INCREASE SUGAR CARRYING CAPACITY.  
A proposition by which the Hawaii Consolidated Railway, Ltd., will  
erect three additional sugar-handling units on Kuluhi Wharf, Hilo, at a cost  
of \$10,000, provided the territory will buy the carriers, was submitted to  
the board of harbor commissioners at its meeting this afternoon, by Lor-  
rin A. Thurston, general manager of the railway. The board moved to ap-  
point a committee of three to take up the proposition with Attorney-Gen-  
eral I. M. Stainback, and determine what course to follow. The company  
has ordered one sugar carrier already, but has no appropriation for all four.

### 71,000 TONS OF SUGAR AFFECTED IF STRIKE COMES

Should Railroad Freight Stop  
on Mainland Hawaii Will  
Feel It Seriously

That the marketing of more than  
70,000 tons of Hawaiian sugar would  
be seriously affected by the calling  
of a strike of railroad freight en-  
gineers, firemen and trainmen was  
the statement of Allen M. Nowell, sec-  
retary and manager of the Sugar Fac-  
tors Company, when interviewed by a  
representative of the Star-Bulletin.  
He had been asked what effect the  
strike that was reported to have been  
called by railroad employees would  
have upon Hawaiian sugar industry  
should it be actually called.

There are 27,000 tons of sugar now  
in transit, 14,000 tons loading and ap-  
proximately 30,000 tons to be shipped.  
This gives a total of 71,000 tons di-  
rectly affected should there be a  
strike. They are the figures furnis-  
hed by Nowell.

"I have had no advices this morn-  
ing relative to the strike," said No-  
well. "It is a serious matter should  
it be called and most serious should  
it continue for any period afterward.  
No sugar is going from here through  
the canal. It all goes from the Pa-  
cific coast by train." Then he gave  
the above figures, and continued:

"You can see for yourself what it  
would mean to our sugar crop." A  
little figuring showed that at present  
sugar prices the value of the unmar-  
keted crop amounts to \$9,660,000.  
"I cannot conceive how the strike  
could continue long if it does come,"  
Nowell continued. "If it should be as  
general as we are led to expect from  
the reports that we have received  
hardly a wheel could move in any in-  
dustry on the mainland and it is in-  
conceivable that the government and  
the people will permit such a condi-  
tion to exist. It would mean absolute  
paralysis of all industry and the  
throwing out of employment of mil-  
lions."

Before the session of the board of  
the Honolulu Stock and Bond Ex-  
change brokers said that the report

### BOURBON PLANK RAPS MILITARY TRAINING PLAN

Democrats Take Stand in Op-  
position to G. O. P. in Much-  
Discussed Project

Taking a stand directly opposite to  
that assumed by the Republican party,  
members of the Democratic territorial  
central committee, meeting in Pauahi  
street Tuesday evening, passed on  
first reading a platform plank oppos-  
ing the efforts of the last legislature  
to provide for compulsory military  
training in the public schools of the  
territory.

The party does not believe, the  
plank declares, that the object sought  
by advocates of excessive militarism  
would be materially advanced through  
the "wholesale compulsion of minors,"  
obliging them to take part in occa-  
sional drills.

It was announced today by those in  
close touch with the construction of  
the various tentative platform planks  
that, aside from that regarding mili-  
tary training in public schools, there  
will be no plank in the platform this  
year dealing with questions and mat-  
ters of preparedness.

More Planks Drafted  
In addition to the plank published  
in the Star-Bulletin Tuesday, the  
central committee, sitting as a com-  
mittee of the whole, last night passed

### GERMANY WARNS BRITISH SEAMEN BY FRYATT CASE

Admiralty Issues Notice His  
Fate Will Be That of Others  
Attacking Submarines

SIR EDWARD GREY'S  
COMMENT CONTRADICTED

Says Plenty of Notice Had Been  
Given English Steamer  
to Stop

Germany has served warning on the  
Entente Allies that officers of mer-  
chant vessels which attempt to ram  
German submarines will be executed,  
as was Capt. Charles Fryatt, master  
of the British steamer Bruzels, Capt.  
Fryatt, the Germans announce, tried  
to ram the U-33 last March.

In an official cablegram received  
today the attitude of the German gov-  
ernment is set forth as follows:

"The German admiralty, answering  
Sir Edward Grey's utterances in the  
Fryatt case, as reported by Reuters,  
states that, contrary to Grey's declara-  
tions, Fryatt was not attempting to  
prevent the attack of submarine made  
without warning. The submarine was  
above water and had signaled an or-  
der to the Bruzels to stop, according  
to international law.

"Fryatt on March 28 let approach  
him a German submarine which came  
for investigation and then treacher-  
ously attempted to ram and destroy  
the submarine in order to win the  
prize money. This was not defense  
but a treacherous attack.

"The German tribunal, after a thor-  
ough investigation, sentenced him to  
death because Fryatt, not belonging to  
his country's armed forces, attacked  
German sea forces, which must be  
considered the act of a franc-tireur  
(sniper). In the future Germany will  
proceed in the same manner in order  
to protect her submarines and her  
sailors against treacherous assassina-  
tions."

### ENTENTE NAVAL LOSSES CLAIMED 3 TIMES ENEMY'S

German Admiralty Issues a  
Statement on Warship and  
Merchant Destruction

The following official German  
cablegram was received today:

"Berlin, Germany, Aug. 1.—The Ger-  
man admiralty today published sta-  
tistics of the war at sea up to June  
30, 1916. During this time the En-  
tente powers lost 49 men-of-war totaling  
562,900 tons, of which the British lost  
40, totaling 485,000 tons. The Central  
Allies lost 30 vessels totaling  
191,000 tons, of which the Germans  
lost 25, totaling 162,000 tons.

"The British losses were composed  
of 11 battleships, 17 armored cruisers  
and 12 other cruisers. The Central  
Allies have sunk also 1303 trading  
ships, amounting to 2,009,574 tons.  
"During the past year there have  
been 35 violations of international  
law committed by enemy merchant  
ships against our submarines, all of  
them proved. Three times enemy  
warships committed especially heavy  
violations of international law, be-  
sides violations of the simplest laws  
of humanity, as in the Baralong and  
Kingstepen cases.

"Finally, it is stated by the admi-  
rality that the forces of the Entente  
powers at the beginning of the war  
were over three times as strong as  
those of the Central Allies, while the  
losses in men-of-war sustained by  
the Entente group are three times  
the Central group's losses."

### GERMAN OFFICIAL CABLEGRAMS

GERMAN HEADQUARTERS, Aug.  
1.—North of the Somme local yet ten-  
acious combats are the consequence of  
great attacks on July 30. The British,  
after having penetrated a small  
front west of Fourceaux woods, were  
ejected.

An enemy attack, composed of  
eight infantry waves, in the vicinity  
of Maurepas was flatly repulsed. The  
attacking French near Farm Monacq,  
after bitter fighting, were completely  
driven back.

Lively artillery duels in South  
Somme and in east of Meuse, espe-  
cially in the sector of Thiaumont-  
Fleury and eastward.

At the last mentioned place the  
enemy's hand grenade troops were re-  
pulsed.

By extensive mine blasting we de-  
stroyed about 200 meters of French  
positions north of Flirey. German  
patrols captured a number of prison-  
ers here. Enemy reconnoitering de-  
tachments west of Labasse, north of  
Hullach, south of Loos and southeast  
of Rheims failed.

Enemy bombs caused insignificant  
military damage; numerous victims,  
among whom are many civilians.

In the Somme district, within our  
lines, two enemy aeroplanes were  
shot down by anti-aircraft gunfire.  
One of these on July 30, another in  
an air combat near Lihons.

East front: A separate Russian  
company, advancing towards Vukla,  
was annihilated by our troops. In yester-  
day reported combats west of  
Logischin over 70 were prisoners.

On both sides of Bobel Lake in-  
creased artillery fire. An enemy bat-  
talion's attack east of the lake was  
bloodily repulsed.

Stochood front: Russians continue  
fruitless attack. Three attacks near  
north of Smolari were forced by  
fire to fall back. Near Porsk our  
counter attack drove them back.

Between Vitonicoz and Kisielin the  
Russians stormed six times without  
success. Combats about separate  
trenches near Vitonicoz are going on.  
Five officers and more than 200 men  
were prisoners.

South of Turya patrols and hand  
grenade combats took place.  
Linsingen's army: In July this  
army captured 70 officers, 10,988 men  
and 53 machine guns.

Bother's army: A Russian attack  
southeast of Barkanow broke down in  
our curtain fire. Koropiec sector,  
west of Buzacea, there is lively fight-  
ing, with no large enemy's attacks.  
During the last few combats 271 Rus-  
sians were prisoners.

BERLIN, Germany, Aug. 2.—A Vi-  
enna official despatch says that more  
than 18,000 Russians were captured  
by the Austrians in July and that nei-  
ther on the Russian nor the Italian  
front is the situation changed.

(Associated Press by Federal Wireles)  
NEWPORT NEWS, Va., Aug. 2.—  
The great German submarine  
Deutschland was sighted at 6  
o'clock this morning, going at high  
speed off Tangier Sound.

Passengers arriving here today  
from the coast outside say that one  
foreign war-vessel was in sight off  
the Virginia capes, evidently watch-  
ing for the Deutschland.

[Tangier Sound is just north of  
Tangier Island, which in turn is more  
than half-way down Chesapeake Bay  
between Baltimore and the bay en-  
trance. Tangier Island is about 100  
miles from Baltimore and 60 miles  
from the Virginia capes at the bay  
entrance. The Deutschland evidently  
went slowly last night, since she  
left 5:40 yesterday afternoon and at  
12 knots an hour could have made  
the capes in 14 to 16 hours. Some ob-  
servers think that the submarine will  
make the capes, go south about 40  
miles, then set a course for the north  
shore of Scotland, with the expecta-  
tion of going direct to Bremerhaven  
after passing Scotland.]

### FRENCH AND GERMANS ADMIT ENEMY ABLE TO MAKE SOME ADVANCES

PARIS, France, August 2.—  
North of the Somme today the  
French took some fortified German  
works near Hemmwood.

On the right bank of the Meuse  
river engagements are extending  
from Chenois wood to Damloup.  
The Germans have gained a little  
ground at Vaux, Le Chapitre wood  
and elsewhere.
